## ARRANGING a TOUR

A tour of the Judiciary facilities can be an enjoyable and rewarding experience for all ages. Those visiting in the morning are most likely to find the Superior Court rooms in session which heightens the educational experience. Meetings and question and answer sessions with one of the judges or justices can often be arranged during the tour.

Monday through Thursdays from 9am to 11am are the best times to witness court activities. Tours of one hour are the norm for groups of younger citizens.

Contact the Public Information Officer at 236-9805 to arrange a tour that meets your objectives.
